

What's For Lunch?

Summerland is known as the town that provides an authentic Okanagan experience. Our town is home to two organic coffee roasters, (that's more per capita than any other BC town!) an organic meat producer, the valley's premier organic bakery/mill, fruit and vegetable farmers and four organic wineries. Local restaurants take advantage of the bounty and source foods locally.

Why Visit?

It's delicious! Check out Good Omens, Local Lounge*Grille, Drew's Kitchen, True Grain Bread, The Beanery, or Zia's just for starters.

Master of the Story?

Welcome to Summerland's Bottleneck Drive

A beautiful, scenic route connects all of Summerland's Bottleneck Drive wineries and cideries. This meandering drive offers sweeping views of vineyards, orchards and Okanagan Lake with new discoveries around each corner.

Why Visit?

- For the friendly atmosphere and knowledgeable proprietors - all but one of Summerland's 18 wineries are estate wineries where some or all of production is located on-site
- Because BND is the only valley wine route that incorporates cideries as their members, recognizing the diverse nature of our palettes.
- BND has all kinds of food loving associate members that you won't want to miss.
